NEWSLETTER

CACHE Turns THREE!

Our third anniversary is coming up in October 2018, which is a big deal for CACHE. FACT BC has informed us that at the three-year mark we will be able to join them as a recognized association. This brings us one step closer to being regulated as a health profession.

There are still many steps to take before counselling and therapy are regulated in BC, but we thought it would be good to start keeping our members in-the-loop about any updates and changes in regards to our progress. Stay tuned.

Upcoming Workshops

We are working to bring in further workshops for continuing education opportunities. Mental health related, business related, anything that would help with a Hypno-practice. Let us know if you have any requests, and we will add them to the ongoing list.

Continuing Education and Professional Supervision

We have already started hinting at this on social media, and we now have more information for everyone.

As we get closer to joining FACT BC, we have begun putting into place policies and procedures that we believe will be required of us, once we gain membership.

Continuing Education is ongoing training, so that members stay up to date on their professional skills and the current research. Supervision is similar, in that you are required to work under a supervisor or with a supervisor to assure competency.

As it stands now, CACHE is requiring each member to complete 12 hours of continuing education, and 12 hours of supervision. A record of this will be required at each renewal, so we can assure each member is meeting membership requirements. A log sheet is provided on the website to make this as easy as possible for everyone.

For more detailed information, visit the "*Member Policies*" section of the CACHE Canada website. This will be updated several times over the coming months as we refine policies, and gain more information from FACT BC.

Looking for New Board Members

We have a couple spots open on the CACHE board to fill. We are specifically looking for someone to fill the role of secretary. If you are interested, get in touch with us.

SUMMER BOOK CLUB

We are hosting a book club! June's book is *Gifts of Imperfection* by Brene Brown. We meet on June 28th, 2018 to discuss the book, and vote on July's book. More detailed information will be sent out to book club members. If you would like more information, reply to this email and ask to be added to the book club list. Read good books and earn Continuing Education hours!
