For more information and important dates, check out the updated *Event Calendar* on the CACHE website!

Movie Night

The Hypnotic Eye - A mysterious hypnotist Desmond (Jacques Bergerac) comes to town to present his act, just as a series of women gruesomely disfigure themselves, apparently while in a trance. A local doctor and a detective try to find the reason.

Genre: Horror

Important Announcement

CACHE AGM

The CACHE Annual General Meeting is coming up on November 18th, 2018. We highly recommend that you attend this event.

The AGM will be open to all members. Only members that are full members (aka not student or associate members) will be allowed to vote. An agenda will be provided previous to the meeting for you to stay informed and in-the-know about what is happening.

The meeting will be available by both Zoom, as well as in person at the Horizon Center in Victoria, BC.

At the AGM we will discuss CACHE's relationship with FACT BC and the direction that CACHE will be taking in the future to progress and standardize the practice of Hypnotherapy. We highly recommend you attend, not only to hear about the latest news, but also to give your input as to where you think the association should focus attention.

Book Club

The book club format has changed! We will now be reading a book every second month, starting in November. If you sign up for the Book Club emails, via the CACHE website, you will receive 4 emails per book;

1. Morning after book club to announce the next book
2. First of the month to remind you of book club, and remind you to RSVP for the meeting
3. 1 week before book club to remind you to RSVP to the meeting that month
4. Day before the meeting reminder

Books will range from hypnosis specific titles, to mental health, to counselling, to whatever we decide to read together! Gain Continuing Education hours, network, and meet new people. Hosted online meetings with Zoom (and sometimes we get together for snacks).

Everyone welcome!

Not just for members!
